HURRICANE PREPAREDNESS 2012

In preparation for the 2012 Hurricane Season, Palm Beach County has a hurricane preparedness web page, www.pbcgov.com/dem/hurricane, which has all the information you will need before, during and after. There are valuable phone numbers, lists and tips to keep you and your family safe in the event of another storm. Here are a few tips:

- Have a corded phone in storage. Cordless phones don't work without electricity.
- Ceramic tile stays cool in hot weather. So after long hours without air conditioning or fans, try lying on the tile to cool off.
- After a storm there is a lot of debris on the roadways that can puncture a tire. It's smart to have a can of seal-in-air in your car so you can quickly and easily repair a flat.
- Take detailed videotape/pictures of the outside of your home and the belongings inside your home. This is proof for the insurance companies of what you own inside and out, and will be helpful to them and to you.
- If a storm is approaching, soak as many washcloths as you have in water, put them in plastic bags and freeze them. To cool down, take a frozen washcloth and place it on your forehead.
- Get a French press coffee maker. It doesn't need electricity so if you have a gas stove (or gas grill), you can boil water and you've got coffee.
- Always buy a gas grill with a side burner. It proves invaluable for heating water for coffee, soups and warming baby bottles. One note of caution: Use only in a well ventilated area outdoors.
- Use your dishwasher to store important papers. Dishwashers have a watertight seal, so if there is water damage to your house your documents will stay dry. Make sure to remove your documents before using the dishwasher.
- During extended power outages after a hurricane, you can take your garden accent lights that are solar powered and bring them into the house. They work well as night lights, stairway lights, or soft area lights. Don't forget, they need to go out the next morning to recharge for the next night.
- Consider using a clean trash can, filled with water, placed in the sun early in the morning. By afternoon you have warm water to bathe in instead of a cold shower. If you have no privacy fence, you might want to put the container on wheels in order to drag it into the house for your bath.

HOME OF OUR OWN

On June 9, 2012, the CAFCI home of our own campaign was launched. The "Buy a Brick" fundraising program was introduced. To date, we have received \$17,421 in pledges of which \$9,751 has been received. Since the launching, the Board has visited and inspected a potential location and a Home of our own committee was formed. The committee consists of a project manager, three teams, a legal advisor and an administrative assistant. The three teams are the Fundraising team, Property Review & Acquisition team and the Communication & Public Relations team.

The Fundraising team is responsible for coordinating fundraising activities relating to the acquisition of the property. Members and friends are encouraged to bring their ideas to Millie Hampton, Norma Rose, Betty Mallory, Percival Woods or Jerome Wright who are members of this team. This team will help with the implementation of viable fundraising ideas. This team will work closely with the Communication & Public Relations team to communicate fundraising activities.

As members of the Communication & Public Relations team, Mavis Baxter, Lawrence Logan, Winsom Martin, Ernie Garvey, Newbolt Wilson and Elet Cyris will be responsible for assisting CAFCI members in getting the word out about the Home of Our Own Program. They will also be responsible for providing CAFCI members avenues to disseminate information about CAFCI and the Home of Our Own program to friends, family and community at large. In addition, this committee will be responsible to provide the status and all activities relating to the campaign.

Last but not least, the "Property Review and Acquisition" team will be responsible for the inspection and will recommend how much a property should be pursued. This team composed of Lauriston Simms, Ken Salmon, Alvin Nembhard and Winston Davis is also responsible for evaluation of leads provided by CAFCI members and friends.

Although a committee has been put in place, we must remember that finding a home for CAFCI is the responsibility of all CAFCI members. If we all participate and contribute in some way, we will move that much closer to preserving the legacy of CAFCI for years to come and acquire a Home for CAFCI.

By Radcliffe Brown

"In this troubled world, it's refreshing to find someone who still has the time to be kind. Someone who still has the faith to believe that the more you give, the more you receive. Someone who's ready by thought, word, or deed to reach out a hand, in the hour of need."
